

In addition to DHL/UPS/TNT/FEDEX Express, many forwarder agents now focus on single country logistics services. This kind of service has its own advantage features such as low price, strong customs clearance ability, fast delivery at destination and warehousing overseas. GuangZhou XieDa engaged in the Indian logistics from the year of 2013. After 6 years working with Indian, we gather lots of experience with Indian market rules and regulations, diversified culture background and professional logistics knowledge. We are your best back up team to outsource your logistics from China to India or India to China. We provide a one-stop service from warehousing to delivery. Our affordable customized solution is always your desirable choice regardless of your business size.

With the experience of India market, we get the way how to work with Southeast Asia. This year, we have developed other supply chain logistics such as (Malaysia, Thailand, Cambodia, Laos and so on).
